## DESCRIPTION

We introduce you to one of the models of a new building project on a sloping plot with nice views in an established area of the town of Pedreguer. The 'Ibiza Design' model is a detached villa that will consist of: an open plan living/dining room, utility room, three bedrooms and two bathrooms. The outside will be completed with 20 meters of connecting terrace and an 8m by 4m private swimming pool. All of the villas in this project can be purchased with mortgage options and full buyer protection plan, while rental options are ... (enquire for further details)
